YOUR VASCULAR SERVICES EXPERTS

At (YOUR CENTER NAME HERE), our goal is to provide an atmosphere where exceptional care and healing can take place. Whatever your needs, your health is our priority.

PERIPHERAL ARTERIAL DISEASE (PAD)

From screenings to intervention, we are your PAD experts. We perform:

- ✓ Non-Invasive QuanaFlo™ testing
- ✓ Vascular certified ultrasounds
- ✓ Diagnostic angiography and intervention

VENOUS DISEASE MANAGEMENT

From varicose and spider veins to venous insufficiency, we are your vein treatment experts. We perform:

- ✓ Varithena™ and RF ablations
- ✓ Deep venous disease diagnosis & treatment
- ✓ Pelvic Congestion and Varicocele & treatment

LONG-TERM ACCESS PLACEMENT/REMOVAL

- ✓ Ports
- ✓ PICCs
- ✓ Dialysis Access Catheters

OUR PROMISE TO YOU

We promise to always collaborate with your healthcare providers to tailor a treatment plan that best suits your needs. We are also dedicated to providing timely, knowledgeable care in a warm and comfortable setting.

DIALYSIS ACCESS MANAGEMENT

We maintain, preserve, and/or restore your dialysis access. We perform:

- ✓ AV fistulagrams and treatment
- ✓ Thrombectomies
- ✓ Vessel Mapping

UTERINE FIBROID EMBOLIZATION

A non-surgical alternative procedure to a hysterectomy for treatment of uterine fibroids. By performing UFE, blood flow is cut off and the fibroid shrinks to the point of elimination.

VERTEBROPLASTY

A nonsurgical method for repairing osteoporosis back fractures. Vertebroplasty is performed by a radiologist, without surgery, to stabilize and strengthen the crushed bone.

WHY CHOOSE US?

While in our care, you'll find:

- ✓ Excellence in service
- ✓ Expert physicians and staff trained in the latest vascular techniques
- ✓ Efficient and timely collaboration with your health care team
- ✓ Industry leading technology and care in an expeditious, more affordable outpatient setting
- ✓ A comfortable environment conducive to your healing and restoration
