OUR PROVIDERS

PHYSICIAN NAME HERE

Physician
Bio Here

OUR SERVICES

Peripheral Arterial Disease Management

From screenings to intervention, we are your PAD experts. We perform:

- Vascular ultrasounds
- QuantaFlo™/ABI
- Diagnostic angiography and intervention

Dialysis Access Management

We maintain, preserve, and/or restore your dialysis access. We perform:

- AV fistulagrams, maturations and treatment
- Thrombectomies
- Vessel Mapping

Venous Disease Management

From varicose and spider veins to venous insufficiency, we are your vein treatment experts. We perform:

- Varithena™ and RF ablations
- Deep venous disease diagnosis & treatment
- Pelvic Congestion and Varicocele

Uterine Fibroid Embolization

A non-surgical alternative procedure to a hysterectomy for treatment of uterine fibroids. By performing UFE, blood flow is cut off and the fibroid shrinks to the point of elimination

Long-Term Access Placement/Removal

Ports
PICCs
Dialysis Access Catheters

Vertebroplasty

A non-surgical method for repairing osteoporosis back fractures. Vertebroplasty is performed by a radiologist, without surgery, to stabilize and strengthen the crushed bone
